February 2nd 2024

Dear members of IASTAM, dear friends and colleagues,

We are excited and happy to announce that 93 individual papers, 21 panels and 4 Roundtable discussions were submitted for our joint conference ICTAM and ASHM in Taipei on June 20-24, 2024.

The registration process already started and each presenting author is required to register online and before March 25, 2024, in order to be included in the IASTAM & ASHM 2024 final program.

As a special offer, if you renew your IASTAM membership, the conference registration is cheaper than if you don't. **Please use the official conference website for your membership renewal!** <http://www.ictam-ashm.com/>.

IASTAM membership renewal covers not only attendance of ICTAM X, but also the intervening years between this conference and the next, and gives you access to *Asian Medicine* for the duration.

We look forward to seeing all of you in Taipei!

Warm regards

A handwritten signature in black ink, reading "Angelika Messner". The signature is written in a cursive style with a small 'n' above the 'e' in "Messner".
